Why exhibit at Marintec China in 2025?

After more than 40 years of serving the maritime industry, Marintec China has become a prominent event on the global maritime map. It serves as a global networking hub, bringing together professionals and experts from different corners of the maritime world to foster collaboration, knowledge exchange and business opportunities.

The **Team Norway pavilion** has an excellent location in Hall N1. The pavilion will be branded under the official Norway profile. In addition, we provide room for individual profiling of each company stand.

We are strengthening our collaboration with the pavilion of Denmark and will have a common lounge area with them for the first time at Marintec.

Apply for grants for participation at trade fairs
Marintec China has been preapproved under the Norwegian government's export support scheme. This means that companies exhibiting in our Team Norway pavilion can apply to have up to 50% of their costs covered, at a maximum of NO 70.000. Remember that you must apply before you have incurred expenses on the stand at the fair.

See Innovation Norway's website for the scheme for more detailed information and link to the application form (Norwegian only) here: [Export promotion grant](#)
