Why exhibit at APM?

As a leading hub for maritime innovation and business, Singapore is the perfect platform for Norwegian maritime equipment and technology suppliers to showcase their cutting-edge solutions. Singapore is strategically located and serves as a gateway to Asia's dynamic maritime sector. With significant investments in shipping, logistics, and port infrastructure, the region presents unparalleled opportunities for Norwegian companies to tap into emerging markets.

Exhibiting in the Team Norway pavilion at APM offers the chance to connect with key stakeholders across Asia-Pacific, including shipowners, operators, and government agencies looking for innovative solutions.
